Define S2

Silence Evolved

The Define S2 is the latest leap forward in open-layout case design—an ingenious refinement of the zero-obstruction formula that cemented the series as the de facto standard for the silent high-performance build.

The S2 achieves increased cooling capacity with 9 fan mounts and support for pumps, reservoirs, and large multi-fan radiators in the top, front, and base.   An innovative removable bracket with built-in fill port offers easy access directly through the top of the case, and Third generation ModuVent™ technology with industrial sound dampening maintains quiet operation.

Full USB 3.1 Gen 2 Type-C comes standard along with three Dynamic X2 fans, full-length PSU shroud and support for vertical GPU installation via the Flex VRC-25 riser, available separately.

Whether your aim is silence, efficiency or sheer water-cooled extravagance, the Define S2 hits the mark.

Key features

- Seamless, scratch-resistant tempered glass side panel
- Optimized for silence with high-density industrial dampening on side, top and front panels
- Full USB 3.1 Gen 2 Type-C with support for fast charging and up to 10Gbps transfer speeds
- Nine fan positions with intuitive layout and clear airflow paths for massive cooling capacity
- Extensive water cooling support with room for radiators up to 420mm in the top, 360 mm in the front, and 280 mm in the base
- Full-length power supply shroud hides excess cables for a clean interior and features a removable panel for installation of larger front radiators
- Third generation ModuVent™ technology gives users a choice between a soundproof steel cover or filtered multi-fan ventilation setup in the top panel
- Easy-to-clean high airflow nylon filters on the front, top, and base with full PSU coverage and front access for convenience
- Nexus+ Smart Hub offers superior control of six additional case fans and three PWM devices via your motherboard
- Three Fractal Design Dynamic X2 GP-14 140 mm fans come pre-installed with dual intakes and rear exhaust for optimal airflow right out of the box
- Concealed drive mounts for up to three 3.5" HDDs leave ample forward space for reservoirs and advanced water cooling setups
- Customizable 2.5" storage solution with two brackets and a choice of four locations to hide drives beneath the motherboard tray or display them prominently on top of the PSU shroud
- Sleek anodized aluminum front panel with sound absorbent inlay

Package contents

- Define S2 - Tempered Glass computer case
- User manual
- Accessory box

General specifications

Specification	• Define S2 - Tempered Glass
3.5"/2.5" Universal drive brackets	• 3
Dedicated 2.5" drive brackets	• 2
Expansion slots	• 7 + 2 vertical
Motherboard compatibility	• EATX (up to 285mm wide), ATX, mATX, ITX
Power supply type	• ATX
Front ports	• 1 x USB 3.1 Gen 2 Type-C • 2 x USB 3.0, • 2 x USB 2.0, Audio I/O
Total fan mounts	• 9
Front fan	• 3 x 120/140mm, (2 x Dynamic X2 GP-14 included)
Top fan	• 3 x 120/140mm
Rear fan	• 1 x 120/140mm (1 x Dynamic X2 GP-14 included)
Bottom fan	• 2 x 120/140mm
Dust filters	• Bottom fan + PSU • Front fans • Top panel
Front radiator	• 120/240/360mm • 140/280mm

General specifications

Specification	• Define S2 - Tempered Glass
Top radiator	• 120/240/360mm
	• 140/280/420mm (max 35mm motherboard component height)
Rear radiator	• 120mm
Bottom radiator	• 120/240mm
	• 140/280mm
PSU max length	• 300mm
GPU max length	• Max 440mm with front fan mounted
CPU cooler max height	• 185mm
Cable routing space	• 23mm
Cable routing grommets	• Yes
Fixed velcro straps	• Yes
Tool-less push-to-lock	• Both side panels
Captive thumbscrews	• HDD brackets, SSD brackets
Left side panel	• Black/Blackout/Gunmetal versions: Light tint tempered glass
	• White version: Clear tempered glass
Right side panel	• Industrial sound-dampened steel
Case dimensions (LxWxH)	• 543 x 233 x 465mm
Case dimensions w/o feet/protrusions/screws	• 535 x 233 x 448mm
Net weight	• 11.6 kg
Package dimensions (LxWxH)	• 535 x 330 x 655mm
Package weight	• 13.4 kg
